## SKILLS

### Prototyping Tools

Figma  
Sketch  
HTML5/CSS3  
Adobe Illustrator

### UX Method

Surveys  
Persona Building  
User Stories  
User Flows  
Sketching  
Wireframing  
Prototyping  
Usability Testing

### Design

Branding  
Color Palettes  
Typography  
Logo Design

### Soft Skills

Adaptability  
Coordination  
Creativity  
Curious  
Empathy  
Flexible  
Friendly  
Humor  
Integrity  
Reliable  
Trainable

## PROJECTS

### TuneCan - [InVision Prototype](#)

Music creators often struggle with the storage of their musical components. They can have thousands of sound bytes that get lost in endless folders on their computer. TuneCan was created to help solve that problem.

### Bluster - [Figma Prototype](#)

People are getting tired of social media and the constant feeling that their self worth is correlated to the amount of likes they get on a photo. Bluster is social media reimagined as a game between small groups of friends that helps promote conversation and build relationships.

## EXPERIENCE

### Senior Biotech Production Specialist I

Sep 2015 - Present

#### *Regeneron Pharmaceuticals*

- Lead a team of 10 people to commission a new clinical suite that was new to the industry. This suite brought the process of HTST (High Temperature Short Time) to all of Regeneron fundamentally changing the way media and feeds are made.
- Worked cross functionally with Engineering and Automation to implement and qualify the equipment for use in manufacturing.
- Lead the continuous improvement initiative to improve the workflows of my team by designing new pH tables, writing and revising standard operating procedures, and suggesting and implementing automation changes.

### Product Design

Sep 2019 - Jun 2020

#### *Bloc*

- Learned industry best practices and design process standards with a focus on UX Research, Visual Design, and Front-end development.
- Created and deployed projects while learning new tools and frameworks by collaborating several hours every week with a senior product designer.

## EDUCATION

### State University of New York at Oneonta

Aug 2010 - May 2014

*BS in Biology with a minor in Chemistry*
